Mme. Yale's Hair Tonic

Ladies and Gentlemen: It affords me great pleasure to call the attention of the public to the Excelsior Hair Tonic, which is the first and only remedy known to chemistry which positively turns gray hair back to its original color without dye. It has gone on record that

MME. YALE

-wonderful woman chemist-has made this most valuable of all chemical discoveries. Mme. Yale personally indorses its action and gives the public her solemn guarantee that it has been tested in every conceivable way, and has proved itself to be the ONLY Hair Specific, It STOPS HAIR FALLING growth. Contains no injurious ingredient. Physicians and chemists invited to analyze it. It is not sticky or greasy; on the contrary, it makes the hair soft, youthful, fluffy, and keeps it in curl. For gentlemen and ladies with hair a little gray, streaked grav, entirely gray and with BALD HEADS, it is especially recommended. All dealers sell it.

If Anybody Offers a Substitute. Shun Tham.

ASTONISHING RESULTS

CALCULATION SHOWING THAT THE

OUTLANDERS ARE WITH THE BOERS.

Forces Kept in the Field by the Boers Could Not Be Supplied by Themselves.

New York, Jan. 18. The extraordinary dis play of force by the two Boer Republics is the more astorning when we construtheir resources in mon, it is claimed that they cannot have less than 100,000 men in the field. A statement from "an apporently well-informed correspondent of the Mornin Posts chordon is considered as well with

"The face strength, originally \$3,00 men is now beauty augmented by Cape Calo be estimated at below men and 2% sures." Let us examine what mumbers the from can by any possibility moster from their

The white population of the South Africa on ore given as at both become, in so, the figures and relatively more and first tion. Up to 1887 the increase of population in the Transpart was of a termal chare the First is it. The increase in the Grantthat admits of a more rapid store if of pap-Petrone from 140 in date for the Free Stars and from 150 for the South African Republic, and taking the totals of whites of these as as the lasts of Roer populafrom we have by two the figure of 96,750 for the Ottonge Prop State, and of 29,739 for the Transvani Republic. The two Republics' perculation from matural increase would w to 176 am. Thus he the extreme figure , what could be called Boot, in the most verst construction at the term, by descent a "milation, The number comprises met, women and statistic. If every male from the age of m to 5 were in the field the whole name reguld by no more than matter it would compelle the work and the

. to be taken from? Let us examine the re

Cape C bear White population in [85] the late into the latest verticing in [75] as With the same came of nervenile of 2.7 per cent per allium to [76].

Transmit and free size.

In an releasor to make up the deficience of 2009 men, the following faces would have to be considered:

I. The entire white population of fourth Afron (55,88) would have to size I because in the Boer wor if it were to supply the deficiency in equal quota.

If the population were on the same basis of sex and are representation as applied to the Boer population, this would take oil the non-from 9 to 20 points of are 4 noted States census, 5,860.00 in population of 42-200.00. African

1 If the Cape Colony furnished the number of against the finance of the flower of the flowe

contingent of two to be larged at fedges flay, the only possible place of attarking.

1 The extra population of whiten of the South African Rejubble. 25-65, remains then as the portuiting resource. This condition takes to be beginning in 1851, the time of the rise of the gold fever. As become plate can be taken in 1881 places the entire white population at 245-25, of while there were 17-94 men and 187-69 women. The State Almanack for 1858 gives the white population at 245-25, the the same reoperation as seated in consus of 1894, the major population would amount to 245-26. The Boer male population would be represented by those in the fluirs, and thus leave 185-26 of make up the 70-91 the number sold to have up the 70-91 the number sold to be confronting the fluirsh beyond what is shown as the possible white native strength of the IW. Repubble.

Onlineder Support.

Though it where it distributes the service of 1800 as a written where the proportion of these age of the roll population is as 1808; for 1812 per cent.

Betalls of Population.

It is barely possible that the entire strength of native Boets can be dyawn or, if collected, for energeticy, kept permanent, it is claimed by their carmies that the field. But assuming that this be they cannot now in South Africa much be thereased to 2000 men men in which capacity is the finite of the collected. But assuming that this be the curse with the entire quota named, where is the difference in numbers, more than three times the native Boet clement, as shown as the possible fighting attengts.

Onthurder Support.

Though the proportion of children, count mention of children, where it is marriaged to the mention of children, where it is the native population, set it much to entire one as small form fell year relay and received induces which capacity and received induces which capacity as the late of the Boers may be left an open query files of the Boers may be left an open query files of the Boers may be left an open query files of the Boers may be left an open query files of the Boers may be left an open query files of the Boers may be left an open query files of the Boers may be left an open query files of the Boers may be left an open query files of the Boers may be left an open query files of the Boers may be left an open query files of the Boers of the Boers may be left an open query files of the Boers of the Boers may be left an open query files of the Boers of the Boers

often in the held they are credited with, it is clear from what has been demonstrated that it can be some only by the willing support of the Outlanders of the Transwind and of the population of the Cape Colony and of Natal. The Cape Colony cannot possibly send a very large contingent. Distance and English administration and military possession would hinder this. That the Cape Colony people sympathine with and assist the Boors with familiar men is, however, in evidence. That the principal could be the Outlanders to make up the assumed total is manifest.

The moral different has to come from the Outlanders to make up the assumed total is manifest.

The moral different its awkward horns the British have to prove that the Guilanders are by their oppressors forced to take up arms against their deliverers; i. e., priva coertime two to three times their number, an absurd preposition, or they alm that their whole position is one honey-contact with faischood and decelt. If the Coulanders teek up arms willingly it would have to be conceded that British rule is unpopular amount them and that they were well spunch satisfied with the existing conditions. The assertion frequently heard, that the Effish aggravated grievances of the Guitanders to make a pretext for forces for interference, would find definite con-
